## East of the Rhine There Are Famine and Idleness, Want and Misery--Future Seems Hopeless to Beaten People, Said Secretary of State Lansing in Address--Urges Peace Without Delay

## PART OF 26TH LANDS IN NEW YORK

(By Associated Press)  
New York, March 12.—The 101st French Motor Battery of the 26th Division arrived here today on the steamship Iowan from St. Nazaire. The battery numbers four officers and 153 men. This is the first unit of the 26th to arrive home and it is assigned to Camp Devens. The Iowan brought a total of 1922 troops. The steamship Chitampa from La Pollice brought a unit company No. 35 of Massachusetts one officer and 48 men. Casuals were also brought on the Amphion from St. Nazaire and the Suriname from Bordeaux. (By Associated Press)  
Paris, Tuesday, March 11.—"We must change the conditions on which have reached a crisis in the affairs of the world," said Secretary of State Lansing at a banquet given tonight before the Inter-allied Press to you, men of France, men of America commissioners. He was emphatic in his statement that the allies must find a way to give the Germans opportunity to sell their products in the foreign markets, if the danger of Bolshevism was to be avoided. He painted a vivid picture of conditions in the war zone of France and pointed out that it was not through pity for Germany but to the allies' own advantage to see that anarchy was prevented in the former German empire.

He said in part: "East of the Rhine there are famine and idleness, want and misery. Political chaos and out-lavry have supplanted the highly organized government of Imperial Germany. Social order is breaking down under the difficulties of defeat and the hopelessness of the future. Like the anarchy which for years made an incubator of the flames of terrorism in the states of Germany. The flames are sweeping westward. It is no time to allow sentiments of vengeance and hatred to stand in the way of checking this conflagration. We must change the conditions on which the world is now struggling. Germany to a normal though a weakened racial order. Two words tell the story, food and peace. I say food to you men of France, men of America and to you men of the allied powers that there is no time to be lost if we are to save the world from the despotism of anarchy even as we have saved it from the despotism of anarchy. We ought to make, we must make, peace without delay and ships laden with food must enter the harbors of Germany."

## BRITISH SEEK CONTROL OF HUN CABLES

(By Associated Press)  
Paris, March 12.—Realizing the possibility of a virtual monopoly of cable communication by Great Britain should her claims to the captured German cables be sustained, the American delegates to the peace conference are endeavoring to make a strong presentation of their case. The naval experts who first considered the question were unable to agree and the supreme council, upon motion of Secretary Lansing, referred to legal experts the question of title involved. These experts are being pressed by the Americans for a decision. Early in the war the British cut the two German cables from London to America by way of the Azores and also the cable between Montevideo, the Librarian capital, and Brazil.

Dark browns in Russia calf are very popular this season. A modified English last with low flat heel seems to be the "best bet" for the snappier shoes. ## BEN FRANKLIN IS THE STYLE

If you think a matter of 200 years makes him out of date, glance at the figure he cuts on the 1919 War Savings Stamps. You will see the likeness of "America-1919."

Miss America goes in for Thrift. She pursues "wise buying," follows this with sane saving, and devotes herself ardently to "safe investment."

Franklin typified "save and have." He featured: "A well-spent penny that saves a great," and, "If you would be wealthy, think of saving as well as getting." And again, "He that murders a pound destroys all that it might have produced, even scores of pounds."

Miss America haunts her 1919 Thrift idea. She condemns the old-fashioned hoarding. Franklin did the same. He advocated that "The use of money is all the advantage there is in having money."

The "use" however, was in his time left to be solved by the individual. Then, investment was only for the wealthy and safe investment a matter of doubt. Nowadays, all saved pennies can be turned profitably into Thrift Stamps. Everybody can invest in absolutely safe government securities.

It is the fashion to "spend well," to think of saving, and to "make a pound produce even scores of pounds."

A hundred millions of people are adopting the style of Ben Franklin.

GOMPERS FOR UNION OF WORLD'S TOILERS

## MEAT CAUSE OF KIDNEY TROUBLE

### Take Salts to flush Kidneys if Back Hurts or Bladder bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region.

sharp pains in the back or sick headache, dizziness, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges.

The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be free of this uric acid.

Salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

## Come Mother, This Castor Oil Is What You Need---Don't Cry!

If you, mother, had to swallow the awful dose--- Think back to your childhood days---Ugh!

Give your children Cascarets instead. Cascarets taste like candy. Every child loves to take a Cascaret. Besides Cascarets act better on the little liver and bowels when the child is bilious, constipated, feverish and sick. Cascarets are delightful---harmless---cheap!

Each 10 cent box of Cascarets, the pleasant candy cathartic, contains directions and dosage for children aged one year old and upwards. When the little one's tongue turns white, breath feverish, stomach sour, there is nothing better to "work" the pasty bile, souring food and constipation poison from the child's system. Give Cascarets, then never worry.

CLIP LIBERTY BOND COUPONS MARCH 15TH---PUT THE MONEY IN THRIFT STAMPS.

"Liberty Bond interest coupons may be invested directly in Thrift Stamps and War Savings Stamps," says Mrs. E. L. Hingston, Director of Savings for New England, quoting a state-

ment issued by the Treasury Department. Postoffices throughout the country have been notified to accept as cash, coupons representing interest due on Liberty Bonds, and the Savings Division of the Treasury Department has been notified accordingly.

This ruling makes it possible for all holders of Liberty Bonds to reinvest their non-interest-bearing coupons at once.

Thrifts and trust companies are also expected to accept Liberty Bond interest coupons as cash for the purchase of War Savings Stamps and Thrift Stamps. This will facilitate the sales of War Savings Stamps and Thrift Stamps, and will afford to Liberty Bond holders the opportunity to draw interest on their interest.

## TAFT SCORES LODGE IN N. Y. SPEECH

(By Associated Press)  
New York, March 11.—William Howard Taft, former President of the

United States in an address here tonight said that the statement by Senator Knox regarding the covenant of the draft of the League of Nations in no wise put in jeopardy the sovereign rights of the country and that the governing body of the League of Nations could not in any way have the dire results that are predicted by the Senator if the League is entered into by this country.

Mr. Taft said that the evils that

are pointed out are ones that have not been proven as yet and that the plan should not be rejected unless a better one could be suggested. He said that the present plan of keeping the peace was a proven failure and that it had plunged the world into a orgy of blood and slaughter.

## BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyatt's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application of two, your hair becomes beautifully dark, glossy and attractive.

## PORTSMOUTH HEADS HONOR LIST OF CITIES

In the recently published list of the cities that are to name sponsors for ships that are to be launched in Portsmouth, the list of 17 cities included more Liberty Bonds from other cities than from Portsmouth.

The honor list is given as a reward for good work in the last Liberty Bond drive.

Mrs. Christina A. Histon will act as sponsor for the ship that is assigned to this city.

The records of the other cities follow:

(Hartford) (Sponsor not yet chosen) 85 percent.

Watertown, Miss. Mary Louis Robinson 84 percent.

Quincy, Mass. George P. Hall, 80.4 percent.

New Britain, Mrs. Marjorie G. Parsons, 42.4 percent.

Waterbury, Miss Helen S. Chase, 72.1 percent.

New Haven, Mrs. Isaac M. Ubban, 47.9 percent.

Worcester, Mrs. Peter G. Holmes, 43.1 percent.

Boston, Miss Mary B. Halliwell, 36 percent.

## POPE FEARS BOLSHEVIKI IN GERMANY

Paris, March 11 (Associated Press).—Pope Benedict has addressed an urgent appeal to the Powers emphasizing the urgency of the speedy conclusion of peace with Germany.

It is understood that the Pontiff states that the Vatican possesses reliable information that the situation in Germany, socially and economically, is very grave, and that he fears the spread of Bolshevism with its rapidity that it might result in the establishment of a Bolshevik state which, in turn, might become allied with Bolshevik Russia.

The Pope is reported to have said that he feels that the only way to avoid such an eventuality is a speedy peace—a peace, he says, which will not humiliate the German people.

## PEACE TERMS WILL BE READY FOR WILSON

## PRESIDENT AGAIN TAKES UP BIG TASKS

(By Associated Press)  
Aboard the U. S. S. George Washington, at sea by wireless, President Wilson today was feeling better than at any time since the voyage started. He was entirely rid of the slight cold that has been the cause of his keeping to his rooms the greater part of the time since leaving the United States.

The President received a wireless from the delegation of the Cleveland Chamber of Commerce that are en route to London on the Aquitania.

The message said that the delegation was in hearty accord with the covenant of the League of Nations.

The President's ship has received many mutual honors from steamers that pass anywhere in the vicinity, the vessels in many cases going out of their course to pass the Washington close enough to salute her with a blast from the whistle.

The President attended a moving picture show in the theatre of the George Washington this evening and said that he thoroughly enjoyed the performance.

He spent several hours today answering the wireless messages from Paris and London and will tomorrow work on remaining tasks that he wishes to clean up before landing at Brest.

## ONE RUSSIAN PRINCE LEFT IN COUNTRY

London, March 11.—Prince Peter Kropotkin, Socialist leader, despite various reports to the contrary, is alive and well at Dmitrovsk, near Moscow, according to Alexander Berkenheim, vice-president of a Russian society here. "Now as always," Berkenheim said, "he remains far from the seat of any political activity, and is occupied with literature work. He enjoys the greatest esteem and consideration of all circles in Russia without exception."

## Great Days Ahead—Americans Facing the Dawn.

Down with pessimism! The needs of the hour are vision and courage. American genius will master the problems of the present as it has those of the past.

Neither our extraordinary burdens abroad nor at home shall daunt us, nor shall the threat of Bolshevism and the mob divert us from our true course. The reign of American reason, justice and liberty has been strengthened, not weakened, by our trials.

The genius, courage and integrity of American business men have not forsaken them. Soon the mighty flow of trade and commerce will be restored to its normal unobstructed channels.

Never has the heart of our people been so deeply stirred with a love of country, justice and humanity as it is today. Never, as a people, have we been so capable, so surely masters of ourselves and of our destinies as we are at this moment.

Americans do not gain their view of the future by peering through the "crack of doom." They know that the distractions and dangers of "putting our house in order" are but temporary. They look beyond and see the dawn of great days—days of peace, prosperity and progress.

Americanism still stands for optimism.

People used to laugh about German substitutes, but in substituting the Germans are mere novices in comparison with the Russians, if the report is true that the latter are using kerosene and benzine in the place of vodka. It is little wonder that there are hot fires in a cold country.

The Massachusetts House of Representatives has adopted a resolution in favor of the independence of Ireland. Now should Ireland exclaim in the words of a former famous representative of the Old Bay State: "Massachusetts! there she stands! behold her!"

Thus far this season the westerners have kept their blizzards at home, contrary to the usual custom. "Much obliged," as the old New Englanders used to say.

It is said that President Wilson will not break a precedent by becoming a candidate for a third term. But will he not break one by declining to do so?

## CREEL WILL ENTER PRIVATE BUSINESS

New York, March 12.—George Creel, head of the Committee on Public Information in Washington, announced today on his return from Europe aboard the transport Agamemnon his intention "to return to private life."

"I am no longer with them," said Mr. Creel, when asked for a statement about his activities in Europe for the committee. "I called a statement from direct. Was it not released?"

When his questioners informed him that they had not heard of the statement being released, he dictated the following:

"I am going to return to private life. The domestic activities of the Committee on Public Information ended in December and I have made arrangements for the discontinuance of all foreign work."

"My only relation with the Committee on Public Information as from March 1 will be a nominal one, in connection with the formal features of settlement."

## WARD MEANS ALL HE SAYS; DECLARE THE CLARENDON GOLFERS

As the season turns on its westward path the interest in golfing becomes more intense among the numerous contenders at the Clarendon, and now it has been resolved by Fred Ward, the official champion of New England that no moss shall grow under his feet hereafter—even the pictures are in danger of being paved and battered out of recognition. Mr. Ward means to carry off an "official" medal this spring, and he is easing up on the "social" style of the game in order to inject a more business-like punch into the affair. His score yesterday was well under the 100 mark, and he beseeches his supporters to wait for the finals about April 15. Mr. Ward has a large following, and if the boosting that attends a "good fellow's" efforts

counts for anything it would be as well to pay him off now.—Clarendon Breeze.

Local golfers will be interested to note the result and Mr. Ward's many friends believe he will win.

## PEOPLE'S OPINIONS

Condemns Abuse of Building on Vaughan Street.

Portsmouth, March 12, 1919

A short time ago some one wrote to your paper in regard to the "shacks" that are being dumped, not erected, upon one of the city's most busy streets.

"Undoubtedly, it is a detriment to our city's character as the many hundreds of visitors pass daily.

I cannot understand why the city should allow such a thing to be done. Surely it would not in a larger city where fire zones are established and kept strictly enforced.

You also spoke of an unhealthy spot on Deer street. You will find another right alongside of the old shack just moved to Vaughan street, the cans from the so-called lunch car and dirty rags and ashes. The Lord knows what else. The day the house was moved there an ash barrel full of frozen ashes and a four inch plank about 15 feet long, laid diagonally upon it, on what is supposed to be the left hand sidewalk of School street.

Would it be allowed on any other place in town? It has been there about 3 weeks and it's time it should be remedied or removed.

## POPE'S VIEW OF THE LEAGUE OF NATIONS

(By Associated Press)

Rome, Tuesday, March 11.—The Ob-servers Roman, the semi-official organ of the Vatican, prints an article on the League of Nations, which is understood to embody the viewpoint of the Holy See. It says the league "might have been constituted in a similar manner" and outlined the functions of the league as follows: "The setting up of an arbitration tribunal to solve international conflict, the formation of a society of civilized nations which will pledge themselves to submit their differences to a tribunal and accept its rulings, the bringing about of an agreement to declare an economic boycott against any nation which refuses to submit controversies to a tribunal or which will not accept its decisions." The article recalls that such a project was suggested in the Pope's appeal to belligerent nations on August 1, 1917.

What is said to be the first herd of buffaloes ever offered for sale on an open market in the world was received in South Omaha yesterday. The herd of 23 is part of a herd of 250 from the Tricheira ranch, formerly owned by C. Palmer and located near Port Colorado in southwestern Colorado.

The herd being privately owned and raised on a private ranch, the Government has offered no objections to the sale.

## NEW JERSEY TROLLEY MEN ON STRIKE

(By Associated Press)

Newark, N. J., March 12.—Virtually all trolley lines of the public service company which operates in 141 cities and towns in northern New Jersey were tied up today by a strike of 4500 employees. The walkout began at 4 a. m. Union recognition is the chief demand of the men. A crowd of sympathizers in Newark held up a car manned by veteran employees, pulled the trolley pole off the wire and cut the rope.

## RED CROSS WELCOMED TO POLISH CITY

## NEW FUEL WILL SPEED UP AIRPLANES

(By Associated Press)

Washington, March 12.—Development too late for use in the war of a motor fuel which adds 10 miles an hour to the speed of airplanes and has possibilities for use in automobiles was announced today by the Bureau of Mines. The liquid, a combination known as flecter, costs about \$1.00 a gallon, so while of military value, it is not regarded as practical for commercial purposes at present.

## OPPOSES GIVING OF NEWSPAPER SPACE FREE

Press Asso. Would Ask Pay for War Publicity.

The Massachusetts Press Association went on record yesterday as opposed to newspapers giving free space to government war committees and agencies.

In resolutions passed at its March meeting yesterday afternoon at the United States Hotel, the members declared their belief that the methods pursued by the Liberty Loan, war savings stamps and other government war organizations, including the federal income tax authorities, are contrary to recognized business principles, lacking in efficiency from the standpoint of national interests and unfair to publishers.

Advertising space, the resolutions set forth, is a commodity upon which the publishers depend for their livelihood. Considering that the government agencies in question pay going prices for printing, supplies and other commodities essential to their activities, besides employing assistants at standard salaries, they believed that the space desired by these agencies for publicity purposes should be paid for at regular advertising rates. Such a policy they thought, would be conducive to the elimination of the inconsistencies, duplications and economic waste that have characterized publicity campaigns in the past. The use of prepared reading matter in either manuscript or stereotype-plate form they regarded as inconsistent with the policy of paid advertising for government and associated campaigns.

An exception was made in favor of local news reports of the progress of campaigns and of efforts locally to further them.

The papers of New Hampshire feel exactly as do our Massachusetts brethren. The Herald has given a total in free advertising that would stagger the individual who thinks he has given something.

## RAILROAD MATTER DEFERRED TO MAY 11

Hampton, March 12.—At the town meeting Tuesday the article in the warrant regarding the operating of the Exeter, Hampton and Amesbury street railway, the same action was taken as at Exeter, it being left to a committee composed of Herbert L. Tooley, Horace M. Lane, Edwin L. Batchelder, Howard M. Lamprey and Levin E. Leavitt, which will report at a special meeting called for May 11. The article was in regard to the town co-operating with Exeter in purchasing the line. A similar action was taken at Hampton Falls, a committee of three being appointed, and at Seabrook the business was postponed till next week, the meeting Tuesday there being preliminary for the election of officers.

Hampton appointed a committee composed of Rev. Edgar Warren, Horace M. Lane and Howard M. Lamprey to prepare an honor list and memorial for those who served in the recent war, and also to include the veterans of the Civil war.

# OUR ANNUAL INVENTORY SALE

This is the first time I have felt obliged to make a statement to our customers, but in looking over the advertisement before it went to the printer's I saw that the prices were very low, and I know our stock is clean and fresh and I felt obliged to give you the reason for this sale. In 1916 we placed large orders for goods, some were slow in arriving and the greater part were not sold in 1917 when they arrived. While we do not think goods will go lower than the present prices we do not think they will be easier to obtain. In the "Financial World" of March 3d, the southern farmers say in a full page "ad," "We will hold our present cotton crop for 30c a lb. and reduce our average by one third." Buy cotton goods now! This looks like higher prices on cotton goods, but we are overstocked and must lower it. To do this we have marked our goods lower than you will see them for years to come. One word more—When our buyer was in New York three weeks ago he ran into a strike in the underwear factories and was able to clean out for cash two silk and muslin underwear factories of all their odd stock and samples. I will say now this is the best sale we have ever run.

Yours truly, MANAGER.

## NEW CLUB GETS GOOD RECEPTION

The reading room of the "Our Boys' Comfort Club" was filled to overflow in Tuesday evening March 11, with women and girls at the call of Miss Maude E. Smith of the War Camp Community Service, preparatory to the formation of a Girls Club. The rudiments of the work to be undertaken were explained. (Those present heartily endorsed the movement, and the impression left was of the lasting nature. The community service song book was in the hands of every one present and some good singing was

## SPRING AND BOCK JUST THE SAME

Boston, March 12.—When spring backs up to the front door next week, it will not be without its old maltious companion, bock beer.

Prohibition, the ban on brewing everything which has been done in the last year to discourage a thirst, cannot, any of them, keep away the bock. And this in spite of the common impression that bock beer is an annual product which is made only about the time it is sold, and therefore could not be made this year.

"Sure there'll be plenty of bock."

said Daniel M. Holland of the Pennsylvania breweries today. "The bock was all made up last fall before the government stopped brewing."

"No, ago doesn't hurt it any; it has to 'age' for six months or so anyhow. All the malt in bock is toasted, that's what gives it its dark color and after toasting and brewing it has to stand around quite a while before it's fit to drink."

## CORNER BEEF PAYS FOR GERMAN LABOR

Coblenz, March 11.—In preparing plans for the employment of 10,000 to 15,000 German civilians on road repairing and other work in the American area of occupation, American main headquarters has approved a proposal that they be paid partly in ration. In view of the shortage of food, officers of the third army believe that the offer will bring all the laborers needed, and that it will not be necessary to requisition labor. The Germans will work under the supervision of American officers.

They will be paid in marks collected from the Berlin government with the privilege of taking part of their pay in corner beef, flour, sugar and coffee at the end of the week. They receive from eight to nine marks a day. The charge for the ration also will be checked against Berlin.

## PHOTOS AWAIT OWNERS

## DOVER HANGS DEFEAT ON COMPANY D

In a game that was replete with excitement the crack basketball team of Co. D was defeated by the Dover team by a score of 48 to 36 at the Armory last night. Perfect team work on the part of the Dover Quintet was responsible for their victory, the local team being a bit off color in this respect.

Brilliant individual play marked the whole contest by players on both sides and the close score at the end of the first two periods indicated that the spectators got more than their money's worth, the crowd was one of the largest of the season.

The game was clean and sportsmanlike right straight thru and was a treat to lovers of clean basket ball.

The lineup:

Dover: T. Hicks 1, f. Schmalzried 2, f. Hicks 3, f. Hicks 4, f. Hicks 5, f. Hicks 6, f. Hicks 7, f. Hicks 8, f. Hicks 9, f. Hicks 10.

Company D: T. Hicks 1, f. Schmalzried 2, f. Hicks 3, f. Hicks 4, f. Hicks 5, f. Hicks 6, f. Hicks 7, f. Hicks 8, f. Hicks 9, f. Hicks 10.

Baskets from the floor: Portsmouth, McWilliams 4, Kirkpatrick 4, Cushing 2, Timmons 4, Andrews 2; Dover, T. Hicks 8, Schmalzried 9, P. Hicks 4, Hicks 1, Cushing 1; Portsmouth, McWilliams 4; Dover: T. Hicks 2, Referee, Cragin, Timmer, Dickinson 3, 15 minute periods.

Company D will have an appointment next Wednesday evening the Hangar A. A. and this fast organization should bring out a record attendance. The Hangar team is the fastest team in the old Pine Tree state and they are coming to this city determined to take the local team into camp.

Company D will put in some hard practice periods for this game and they say that the Maine team are due for a trimming.

## WENTWORTH HOME

The stormy afternoon of March 9th was culminated at the Wentworth Home by a religious services conducted by the Rev. Mr. Randolph of the First St. Church, whose informed discourse was greatly to the point, though brief, and who was assisted in the singing

In these reconstruction days men and women leaders are needed who literally have "iron in their blood." Pepton combines iron-nutrition in true medicinal form. Gives strength of iron to the blood, nerves and digestion, freshens the complexion, reddens pale cheeks, gives the good cheer of health, reduces danger from colds and exposure. Remember the name, Pepton.

by Mrs. Ella Carter and Mr. Edward Miller, the latter also sang a solo, Miss E. B. Miller accompanied. The service was much enjoyed as well as the friendly chat that followed.

The service for February was held on Sunday Feb. 24 by the Rev. Father Kollogg, Rector of St. John's church, who brought with him Mr. Timony to take part in the singing, and Miss Ashworth to play the piano. The regular Order of Evening Service of the Episcopal church was given, with solemn and hymns, greatly to the edification and satisfaction of all the listeners.

## C. L. UNION PLANS BIG LADIES' NIGHT

Upon this strong healthy bodies of the children of men depends the industrial prosperity of the world; upon their properly-trained brains depends its safety and well-being. Men's cheerful willingness to permit the influence of his heart guide the outflow from his pocketbook has kept the wolf from many a door, and created a bond of sympathy which brings the audience almost within view. For these reasons and because it is an axiom that "the hand that rocks the cradle, is the hand that rules the world," the Portsmouth Central Labor Union, next Thursday evening, March 13, will have a session devoted to charity and education.

The program will be in the competent hands of the ladies of the city. Mrs. Lucia H. Thayer will preside and the first speaker will be Mrs. Carrie Smith, of Organized Charities. She will tell of her work here and of the needs of that organization and how all may help in the good work that is being done. At the conclusion of her remarks a collection will be taken.

Mrs. Mary I. Wood of the School Board will tell of the urgent need of a new school house. This is a matter of vital importance to the parents and the children of the community and should challenge the interest and concern of every one.

Miss Alice M. M. Principal, of the Merrimack School, will talk about the necessity of a playground at that school. Miss M. M. will also talk about the "Gladland Club," an organization of young boys, in which the principal is greatly interested and which is doing a great and good work for the boys.

Prof. R. L. Beland, conductor of the Portsmouth City Band, has prepared the following program:

1. Overture, Brindley .... Flowtow
2. March, Spirit of the World, Meyer
3. Medley, Popular Airs .... Lampe
4. March, Salute the Flag .... Mackle
5. Star Spangled Banner .... Key

This should make an important and entertaining program. The invited guests will be Governor and Mrs. Bartlett, His Honor and Mrs. Hislop, the members of the City Council and their ladies, members of the School Board and their wives or husbands as the case may be, and the legislative delegation from Portsmouth and their better seven-eighths.

The union world and his wife are cordially urged to come and by their presence show their interest in and purpose to help the new school proposition and the Merrimack playground plan.

P. S.—The children need 'em both.

## PLEASANT DANCING ASSEMBLY

The Country Club held one of their series of dancing assemblies at the Freeman Annex on Tuesday evening, with a good number of the members and guests present. Mrs. Eugene S. Daniel and Mrs. W. A. Bugdon were the patronesses.

## NOTICE

The Piscataqua Savings Bank of Portsmouth, N. H., issued to John Polizzi, December 31, 1918, a deposit book numbered 25486, which said John Polizzi claims to have lost.

Said John Polizzi requests the issue of a duplicate book by said Piscataqua Savings Bank and herewith publishes notice of the loss of said deposit book as provided by Chapter 45, Laws of 1903, and Chapter 25, Laws of 1916 of the State of New Hampshire.

## LET US ALL CELEBRATE

Phone or send word to the Portsmouth Herald when your soldier or sailor boy arrives home as news of our boys who have been serving under the Stars and Stripes is read with interest by all.

Holla Carter and Harry Nickerson of Marlsville, Me., returning from a fishing trip, with a fine string of 40-odd pickerel, were suddenly pounced upon by two large Canada lynxes that had been attracted by the smell of fish. Luckily both boys carried revolvers, which they drew at once and fired, both shots taking effect. So besides their fine string of pickerel they brought home the two cats, the largest weighing more than 60 pounds.

## PORTSMOUTH YACHT CLUB BANQUET

The Portsmouth Yacht Club is making elaborate preparations for their annual Italian supper on next Sunday evening.

The supper will be prepared under the direction of Joseph Sacco and all the club members know what his idea of a supper is.

The event will take place at the Clubhouse on Mechanic street and all the members are looking forward to this annual social time.

## NOT ENOUGH HELP FOR INCOME TAX WORK

Owing to a great congestion of work in the office of the Collector of Internal Revenue, Collector Jones announces that it appears impossible to personally serve the crowds of taxpayers who call for personal attention at this office or at the offices of deputies scattered throughout the district.

Tax payers should note the instructions on the forms under which they are to fill in the work sheet to the best of their ability before presenting the same to an income man for verification. In that way, the income tax will be able to handle more returns and thereby give more tax payers the benefit of his assistance. It being unreasonable to expect the deputy to devote any large portion of his time to a single tax payer when there are so many to be served. It is imperative that every individual subject to return, and every corporation except those specifically exempted by law, shall have their returns in the hands of a Collector or deputy collector on March 15, or which will fulfill all requirements, that the return envelope

This, in effect, gives every tax payer the opportunity of filing his return in any post office on the last day of the period allowed for filing. Whoever a full and complete return cannot be filed on March 15, a tentative return should be so filed, and should be accompanied by one-fourth of the estimated tax, if any tax is due.

Collector Jones announces that all corporations have been supplied with a Tentative Return form and it is very unlikely that forms for filing returns will be mailed before March 15. It is, therefore, imperative that corporations make use of the forms which they have received.

It is also announced that paragraph three of Instruction No. 6 on Forms 1030 and 1040—A relative to exemptions has been cancelled and the personal exemption of individuals will be determined entirely by the status at the end of the year. ## GERMAN BLUE BOOK REVISED OFTEN

Paris, March 12. (Correspondence of The Associated Press.)—The swift march of history which has reduced to waste paper value most of the existing works of reference about European state affairs, has been too rapid for the old Almanach de l'Europe. In previous times, this compendium of statistical data concerning politics and personalities and their doings, went to press about the end of October, when its information was supposed to hold good for another year, and it generally did, barring some coup d'état or other in South America.

Now, however, its issue for 1919, which went to the printers in December, is affected in several important respects by sudden developments involving many of the former ruling houses of Europe.

Amusing to students of Germany's eastern border policy is the prefatory remark that "the editors regret that after having prepared these new articles on Finland, Poland and Czechoslovakia, they have had to cancel all three owing to the change in the course of events."

In other words, Prince Frederick Charles of Hesse, brother-in-law of the former German emperor, will never seat himself upon the throne of Finland, and there is to be no Prussian predominance in Poland and the Ukraine.

The downfall of the houses of Hohenzollern and Hapsburg has not caused the compilers of the Almanach much raking brains. The prefix "ex" is apparently held to be sufficient to denote the present status of William II and Charles I, although the former is still credited with his full 53 titles and the latter is still styled among other things "King of Jerusalem, Prince of the Trentino and Lord of Trieste."

Much the same treatment is given to the score of German princes and princelings who abdicated. "They appear in the almanac as they were—but for the 'ex'."

Democratic infiltration in Germany has set in from the top, instead of from the bottom. For although the administrative branches of the German government are filled with the usual array of excellencies, professors and counselors, yet at the head of that government stand the names of Ebert, Scheidemann, Dittman, Landsberg and Barth. Nobody is supposed to care about their Christian names.

The German national colors are still given as black, white and red and the war flag still blazes the Prussian eagle.

This year, "provisional" governments abound. There is Poland, described in the almanac as "an ancient kingdom," whose "chief" is General Pilsudski. Finland, "formerly grand duchy," has no president, but General Mannerheim is the present "regent."

The Ukraine is described as "a constitutional monarchy on a republican basis," with General Skoropadski as Hetman. A footnote, however, explains that according to news received Dec. 15, 1918, the Hetman has abdicated and the power is in the hands of a directorate consisting of Whittshek, Petliura, Schwetsh and Andreivski.

Russia, or, to give it its modern name, the "Provisional Socialist Republic of Russian Soviets," at whose head Lenin (Vladimir Ilyich) and Trotsky (Leon D. Bronstein) figure, is in a chaotic state as far as its internal administration is concerned. The Almanach enumerates the eleven "more or less independent" states into which the empire has fallen, as follows: Poland; Lithuania; Baltic states (Courland, Latvia, Estonia); Finland; Ukraine; Bessarabia (Occupied by Roumania); Georgia; Northern Caucasus; Territory of the Don and territory of Astrakhan; Turkistan; Siberia.

Vanished is the pomp and panoply of the sonorous sounding names of the Russian aristocracy that once filled the higher administrative posts in the old empire. The seven members of the "Council of Commissaries of the People" are immediately followed by the dignitaries of the Greek catholics or other functionaries or celebrities or other functionaries or officials in present day Russia, the Almanach does not give them.

As for the diplomatic corps at Petrograd, all the ambassadors and ministers, except one from Spain, are significantly designated as "absent."

One curiosity is that Albania shares with San Marino the distinction of having a government indicated only by blanks.

At the Press that one of the primary objects of the 77th Division Association was to secure positions for all men in the division requiring them. All company officers have been requested to confer with each man in their organization, and have filled out a questionnaire as to the position which he may be competent to fill.

All officers and soldiers who have served overseas with the division automatically become members of the Association.

The Association is arranging for the suitable marking of all graves of the officers and soldiers of the divisions who have fallen in France.

Steps will be taken to provide assistance for the dependents of the soldiers of the 77th Division who died or have been disabled.

In order that a permanent organization may be established and that the spirit of loyalty and democracy among the members of the Division may be maintained, a club will be formed in New York where officers and soldiers may meet.

The Association is to be without any political shade, and one of the by-laws says: "No member of the Association, in his official capacity, shall give public expression to an opinion on any political question nor take any action to influence legislation."

The Executive Committee is composed as follows: Major Spencer, Chairman; Major Lewis Saunders, 152 Field Artillery Brigade; Major Julius O. Adler, 153 Infantry Brigade; Major James A. Roosevelt, Independent Artillery; and Captain McMurtry.

## GIRLS! TRY IT! HAVE THICK, WAVY BEAUTIFUL HAIR

Every particle of dandruff disappears and hair stops coming out.

Draw a moist cloth through hair and double its beauty at once.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandruff hair cleanse." Just try this—moisten a cloth with a little Dandruff and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once Dandruff dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you cure for pretty, soft hair and lots of it, surely invest a few cents in a bottle of Keweenaw's Dandruff at any drug store or toilet counter, and just try it.

Save your hair! Beautify it! You will say this was the best money you ever spent.

### MARINE REPORTED MISSING COMES HOME.

Shortly after Corporal Anthony Fiorentino, 16th Company, United States Marines was killed for bravery in rescuing a wounded companion last August, the War Department reported him as missing in action. Since then his parents, Mr. and Mrs. Charles Fiorentino, 223 Charles street, Everett, had gradually arrived at the conclusion that their son had paid the supreme sacrifice, but this conclusion was shattered yesterday when in walked Corporal Anthony himself to deny the supposition that he had perished.
